Chamber of Progress
Staff Assistant
Washington, D.C.

Dear Selection Committee,

I am writing to express my strong interest in the Staff Assistant position at Chamber of Progress. I have spent the past two years in policy settings, and the lesson I keep relearning is that good advocacy depends on good operations. A coalition is only as effective as its follow-through: the meeting that was prepared for, the action item that was actually closed, the board member who got the right materials on time. I would be excited to own that work at an organization whose policy agenda on technology, AI, and the digital economy I follow closely.

At Holland & Knight, much of what makes the practice run is invisible. Issue trackers have to be current, background research has to be ready before a meeting rather than after, and follow-ups have to happen without anyone asking. I have learned to anticipate what a busy senior team will need next and to treat confidential client information with care. Working with practice group leaders and former Members of Congress has also taught me how to support principals whose schedules change by the hour while keeping the details straight.

I enjoy building systems where none exist. When I co-founded Georgetown's Women in Law Club and Undergraduate Law Journal, there was no budget process, no editorial calendar, and no institutional memory, so I created them, and as Treasurer I still manage our spending and tracking. Working the teller line at Georgetown's student-run credit union reinforced the same habits: controls, accuracy, and small processes that prevent big problems. I am also genuinely curious about using AI tools to make routine work faster, and I would welcome the chance to help the team adopt them thoughtfully.

I would be proud to be the person who keeps Chamber of Progress running smoothly while I learn how a tech advocacy organization works from the inside. Thank you for your time and consideration. I look forward to the opportunity to discuss how I could support your CEO and team.

Sincerely,
Adeline Bean
