Anduril Industries
Veteran & Community Engagement
Washington, D.C.

Dear Selection Committee,

I am writing to express my strong interest in the Veteran & Community Engagement Associate position at Anduril Industries. As a Georgetown University senior with experience in policy research, strategic communications, and community outreach, I have found my most meaningful work in building relationships that connect institutions with the people they serve. I am drawn to Anduril's commitment to the veteran community and to a role that pairs relationship building and event execution with careful tracking of impact.

My outreach experience is the core of what I would bring. As a Public Policy and Executive Intern at the National Endowment for Financial Education, I built media contact lists of more than 400 entries and helped increase partner retention by 50 percent and new outreach by 200 percent. As a Casework Intern at the International Rescue Committee, I worked directly with refugee families on housing, healthcare, identification, and benefits, which taught me to build trust quickly and follow through. At the Georgetown University Alumni & Student Federal Credit Union, I handle about 15 member inquiries a day and create marketing content that averages more than 15,000 impressions.

I also understand the national security context that makes this work matter. As a Public Policy and Regulation Intern at Holland & Knight LLP, I research legislative and regulatory developments across national security, emerging technology, and critical supply chains, and I brief practice group leaders and former Members of Congress each week. I have co-authored published client alerts, and as a Legislative Intern for Representative Diana DeGette I handled constituent casework and drafted correspondence. As co-founder and Treasurer of Georgetown's Women in Law Club and Undergraduate Law Journal, I plan events, manage budgets, and lead a team, all of which carries over to running community activations and reporting on results.

I would be honored to help Anduril strengthen its ties with veterans and the communities where it operates. Thank you for your time and consideration. I look forward to the opportunity to discuss how I could contribute to your team.

Sincerely,
Adeline Bean
